GOLF CLUB COURSE

Nine Holes have been Laided Upon and Work will be Started as Soon as Possible—Two Bridges will be Built.

The new golf course for the Norwich Golf club on the land recently acquired below Thamesville has been definitely decided upon since the survey and work on getting it ready will be started as soon as possible. The nine hole course has been laid out practically as suggested by R. H. Pryde of New Haven, who as an expert came here to assist the club. The club's property begins on the hillside to the right of the highway above the DeWolf house just north of the DeWolf switch on the Montville line, and it is there that the clubhouse is to be erected after the course has been completed.

The first teeing ground will be near the clubhouse, the play being in a northwest direction to the first hole, 424 yards away. The tee is purposely set back from the ravine which intervenes 230 yards so as not to be liable to drive into the ravine. The first hole will be an iron shot into another punch bowl green for the first hole. The second hole is an iron shot into another punch bowl green for the first hole. The third hole is like the second, the teeing ground being across the New London road and the distance 178 yards.

The fourth hole is alongside the brook on a level plain, and then on to a hilltop about 40 feet elevation which is very abrupt. The distance is 222 yards. The fifth hole is for 420 yards, the hole being located in the elbow of the brook, the greens and bridge being on the city side.

The sixth hole is uphill on to a knoll again into a natural hollow, the hole being 420 yards. The seventh hole is a circular ring, a most peculiar formation, the hole being 420 yards. For the seventh hole it is necessary to cross the brook and play along the brook.

The eighth teeing ground is on top of a knoll about 100 feet high shaped like a cymbal, the play being across another small knoll to a green 271 yards away. The ninth and last hole is the hardest and longest of the course. Teeing beside the eighth hole the play is uphill to a point near the clubhouse, following through a valley and making it a difficult hole to negotiate.

The natural layout is such that no artificial bunkers will be needed. The course has been laid out so as to get the benefit of the natural formations so that the club will have reason to feel proud of its grounds when they are completed.

It will be necessary to build two bridges over the bridge which will be the eighth hole, will probably be made by felling a large beech tree across the brook and another across the ravine. The main bridge must be constructed substantially so as to bear the weight of horses and teams and will be between the sixth and seventh holes.

As at present laid out the course is 2,200 yards long, but the final length of the holes lengthened a yard or more so that when completed the course will be over 3,000 yards. The regulation length from the clubhouse there will be a most attractive view across the brook and the city.

Johnson Child RECEIVES SERIOUS BURNS Taken to the Backus Hospital—Clothing Set Fire from Kitchen Stove.

About one o'clock Wednesday afternoon Florence Johnson, daughter of Mr. and Mrs. William E. Johnson of the Corning road, was about the kitchen stove when her clothing caught fire and before she could be put out she was seriously burned. Her father rushed her to the hospital and calling the ambulance she was taken there as quickly as possible. She is now in the hospital, but her condition is serious.

BOY WITH MATCH SET FIRE TO LOUNGE AND MAT.

Mother Went Into Hysterics and the Attendance of a Doctor Was Required.

About 8 o'clock Wednesday evening a son of Mr. and Mrs. Walter Kryskie of No. 3 Third street, while looking for something to do, set fire to a lounge and a mat in the house. The fire was put out after the mother had been told of the trouble. Mrs. Kryskie was thrown into hysterics by the affair and a doctor was called. The mother was very nervous and fair caused as much excitement as the fire, and it was an active household for an hour or so.

IN THE CITY COURT.

Boys Fined for Theft of Goods from Wholesalers.

At the session of the city court on Wednesday morning the three boys, aged 8, 10 and 11 years, who were charged with the theft of goods from the wholesale grocers, Bishop, Bidwell & Co., were arraigned before Judge Lucius Brown. The boys' names were John, William and Charles. The boys were fined \$2 and costs each.

At one o'clock Wednesday afternoon the funeral of Daniel Stoddard Palmer, who died at his home in LeRoy at Stoddard's wharf. There was a large number in attendance, including Rev. Mr. Palmer, Rev. N. B. Prindle, pastor of the Preston City Baptist church. There were a number of floral emblems and bearers were Harry, Percy, Edmund and Stephen Norman, grandsons of the deceased. The funeral was held in LeRoy, where a committal service was read. Church & Allen had charge of the arrangements.

FUNERALS.

Daniel S. Palmer.

At one o'clock Wednesday afternoon the funeral of Daniel Stoddard Palmer, who died at his home in LeRoy at Stoddard's wharf. There was a large number in attendance, including Rev. Mr. Palmer, Rev. N. B. Prindle, pastor of the Preston City Baptist church. There were a number of floral emblems and bearers were Harry, Percy, Edmund and Stephen Norman, grandsons of the deceased. Alleged Embezzler Freed.

The case of Samuel Kurz, who was arrested here for the New Haven police on a charge of embezzlement of \$130 from Frank T. Levine, a baker in York street, was nolle Wednesday morning in the city court. Judge City Attorney Ierardi by Judge Tynar at New Haven. On the complaint of Levine, Assistant City Attorney Ierardi issued a warrant, and when the case came up in the police court it developed that Kurz and Levine had a partnership agreement which was drawn up some time ago.

Charged With Non-Support.

Alonzo Pierce, aged 58, was arrested by Constable Robinson in Franklin late Wednesday afternoon charged with non-support. It was claimed that he had not supported his wife for a number of years and had been away from home for a long time. His wife's complaint was made against him. It was thought he was in the city, but he developed that he had taken the car to Yantic on his way to Franklin. Chief Murray kept him in custody until he placed him under arrest. The accused has his side of the story to tell.

Stopped Skittish Horse.

Two men in a buggy were saved from a runaway late Wednesday afternoon at the Broadway and Main street corner by the quick action of a man who jumped from the sidewalk and held their horse, which had started off before they had time to get on their feet. The horse seemed to be ready to go off at the slightest move. It showed the effects of hard driving as its white coat was stained with a color by the sweat that showed all over its body.

The Only Word.

One of our camp meeting speakers says there is no such word as "impossible." Oh, yes, there is. Some of the candidates for the legislature are described by no other word.—Chicago News.

cultivated public spirit. What we need, though, most of all, in the country towns, is a body of men that will correspond to the city board of trade, a union of public spirited citizens who will work indefatigably for the raising of the standard of the town and all of its several interests.

Social Problems.

Some Social Problems of Our Rural Life was the title of a thoughtful and suggestive talk by Rev. Harry A. Beadle of Franklin. A number of things were noted that have been hindrances to the country people getting together and enjoying the social side of life as the city people do. The petty squabbles among neighbors, the isolation of the land, long distances, dark nights and the fact that the country people are not used to the city life were mentioned. In addition the work of the farmer is urgent in its demands on us, for we must make hay while the sun shines. This work, too, absorbs our attention and is exhausting besides.
